19. Depending on the option chosen in step 16 you will either see a notification on your phone for verification or you will need to open the DUO App to approve the DUO Push notification on your mobile device.

a. Once you receive this notification pictured below tap “Approve”.

20. Once you approve a DUO push notification it will prompt you asking if you are on your own personal computer. If so, you may click “Yes, this is my device” to reduce the number of times you are prompted by Duo. If you are using a public computer or someone else’s computer, click “No, other people use this device”.
